POLICE HATS CAUSE TROUBLE.

Labor Protests Because They Are  
Made in Connecticut.

The Contract Not Given to a New  
York City Manufacturer.

Protest is made in labor circles against the  
action of the Commissioners of Police, who in  
their meeting of March 18 awarded a contract  
to John H. Spellman, of 109 Park  
Row, for the manufacture of the Police  
Department's Summer hats.

The "Bike and Fur Hatters' Association" of  
New York has denounced this action of the  
Police Commissioners on the ground that the  
contract was given to a firm whose factory is  
located in Connecticut, while a reputable hat  
manufacturer of this city bid 10 cents less on  
the contract.

The resolutions of this Association say:  
"We consider the action of the Board of  
Police Commissioners a high-handed outrage  
against the rights of hat makers of New  
York in paying \$2.10 when New York firm,  
where a large number of our members are  
employed, offered to supply the force with  
superior hats made by the best skilled labor  
for \$2.00, which proves that the Police Com-  
missioners are not studying the interests of the  
resident skilled workmen of the city."

Commissioner of Police MacLean, when seen  
by an Evening World reporter, said:  
"It is true that Spellman's bid was not the  
lowest, but on the recommendation of the  
Committee on Contracts and Supplies, and taking  
into consideration the advantages offered by  
Spellman, the Commissioners decided to  
give him the contract."

"I always believed Mr. Spellman to be a New  
York hatter."

Chief Clerk Kipp said that he could not un-  
derstand why the outcry was made against the  
Commissioners. He said he had been making  
the Department's hats for the last five years.  
"It looks as if one of the disappointed bid-  
ders is at the bottom of all this fuss."

Chief Kipp gave out a letter sent by Secre-  
tary John Phillips, of the International Trade  
Association of Hat Finishers of America, in-  
forming the association of the Commissioners.  
Spellman's factory is in Norwalk, Conn.  
Crawford & Knapp, also bidders, have their  
factory in Connecticut.

ACCUSED HER SISTER.

A Pretty Italian Girl Charged with  
Assault and Robbery.

Isabella, Consolo, Del Vecchio, a beautiful  
young Italian girl, whose home is at 13 East  
First street, was to-day held by Recorder Mo-  
Donough, of Hoboken, for examination on  
charges of assault and battery and robbery  
performed by her married sister, Marie De-  
tario, of Hoboken.

Mrs. Detario's story is that after a shop-  
ping expedition the two sisters and a mutual  
friend returned to the Detario home on Wil-  
low avenue, Hoboken, when a quarrel ensued,  
and as Mrs. Detario alleges, her sister beat  
her and took her purse containing \$50.

Shot His Faithless Wife.

St. Louis, Mo., April 6.—About 11 o'clock  
last night William P. Griffin, traveling sales-  
man for the Campbell Manufacturing Com-  
pany, having traced his wife to an appoint-  
ment with an unknown lover, shot and  
fatally wounded her. He is now in jail.

A Glass Famine Threatened.

CHICAGO, April 6.—Nearly every window-  
glass manufacturer of the West was re-  
sponding to a meeting held here today. It was  
decided to close all factories May 31. As re-  
sults will not be made before September  
or October, a glass famine is said to be prob-  
able.

## Bloomingtondale's

3rd Ave. Corner 59th St.  
Easter Cloak Sale.  
THREE GREAT STOCKS.

Entirely contrary to the practice that prevails in most  
houses, we will start in this establishment on Thursday  
morning a special combination sale of Spring Garments at  
sensational prices. The usual theory of merchants is that  
before Easter all goods should bring full price and full  
profit—and the great sales should not be held until the best  
part of the season is gone.

In recent years we have held some important and very  
successful sales in direct opposition to this theory. But  
not in all our long experience have we been able to offer  
at any sale such great advantages as will be found here,  
beginning Thursday morning.

DISSOLUTION.—Messrs. Charles H. Roman & Co.,  
of 77 Greene street, are dissolving partnership. We have  
closed out their entire line of Misses' and Children's Reef-

And to these we add the entire stock of Ladies' Spring
